College update

Dear parents and community members,

Welcome to all for 2017. It has been a busy start to the school year, with a special welcome to over 100 new students and their families. We have also welcomed new teachers – Alex Marshall (Humanities teacher), Eunice De Kock (Mathematics, HPE & Science teacher) and Maureen Curran (Special Education teacher). New classroom support staff include Vicky Goude, Dustin Hunter, Lenny Frost & Cheyne Miles (Clontarf). Welcome one and all.

To all families and students, new and continuing, please come along to our Meet the Mentor / Teacher evening on Thursday 16 February, commencing 5:30pm in the theatrette. Following some general information about how our College functions and introductions of key support staff, families will be able to meet their child's Mentors & Teachers and discuss programs for the upcoming year. Join us afterwards in the foyer for a light supper – sausage sizzle prepared by Girls Academy students.

Thanks greatly to Jo Dutton's Year 11 Integrated Learning Girls Academy class for creating the personalised handwritten invitations to our Meet the Mentor / Teacher evening on Thursday 16 February. The class is working on activities to further strengthen relationships between families and College, particularly Indigenous families who comprise half of our College community.

Families and school communicating and working positively together is a key aspect towards successful achievement in the education of our young people. Looking forward to interacting with many families on Thursday evening.
