

Dear Parents

Today we have been advised of an individual who was on the Grevillea Campus today, 9/6, testing positive for COVID-19. That person went home and cleaning has taken place. There is one other notified case on the Grevillea Campus but that person has not attended since 3/6.

I can confirm our school will remain open. However, it's important for you all to monitor yourself for symptoms and if you are unwell to stay home and get tested.

**Please continue to be COVID safe by, handwashing and sanitising. Although masks are no longer required, it is advisable to wear one when social distancing is not possible, as community transmission persists in the NT and it is possible to catch COVID more than once.**

Remember that we have access to three RAT tests per week from the conference room.

For further information on COVID-19, please visit the COVID-19 website <https://coronavirus.nt.gov.au/>

I understand this can be a confronting time, please come to have a chat and please ensure you look after your own wellbeing. You can find resources [here](#).

With thanks

Glenda McCarthy  
COVID Safety Officer
